

2022-2023 PFSPOA Budget Package

Penn Forest Streams Property Owners' Association
11 Clubhouse Road
Jim Thorpe, PA 18229

Approved by:

Executive Board Members

President:	Robert Renode
Vice President:	Matt Sulock
Treasurer:	Dawn Wolset
Secretary:	Jessica Knoll

Directors

Marketing & Communications:	Colleen Rini
Pools:	Vacant
Enforcement & Roads:	Adam Kochanski
Building & Planning:	Kathy Plebani
Recreation & Events:	Julie Renode
Maintenance:	John Wolset
Compliance & Controls:	Heather Napoli
Asset & Project Management:	Michael Klapac

Notice of:

- ***Fiscal Year 2021/2022 Annual Dues Raise of \$25***
- ***\$5,000 Capital Improvement spend***

Attention Community Members,

We are notifying you about dues increase of \$25.00 and a “other assessment” of \$25 per property for the fiscal year 2022/2023. The “other assessment” will cover the legal and general expenses related to the back debt collections efforts.

In total, your invoice per property will be for **\$575.00** for the 2022/2023 fiscal year. The budget is attached to this package and provides a summary, a detailed view, and explanation on how to read the budget.

Capital Improvement Notice per PA State Title 68 requirements.

This will also serve as notice of intent to spend up to \$5,000 from the Capital Improvement account to replace (new) all entrance signs for PFSPOA. This work will be completed in the Spring of 2022. During our most recent “Asset and Reserve” study, it was determined the current signs are past their useful life and rotted.

Capital Improvement Current Balance: **\$34,179.91**

Capital Improvement Spend for Signs: **\$5,000**

Capital Improvement Balance After Spend: **\$29,179.91**

***NOTE:** The capital improvement balance after the sign work does not take into consideration the income that will be generated by property sales. In short, the balance of this account will continue to grow with each sale of real estate in Penn Forest Streams Community.

Sincerely,
Rob Renode,
PFSPOA President

2022-2023 Budget Summary

This year, the budget process consisted of 5 weekly meetings between November and December of 2021. During meeting 5, the December 2021 monthly board meeting, the 2022-2023 budget was voted on and approved. The outcome of this years budget assembly resulted in the following, for 730 property owners:

Dues Assessment (\$25 increase from last year)	\$550.00
Back Debt Collections & Filing Assessment	\$25.00

2022-2023 Total Dues & Assessments: **\$575.00**

Planned Activities:

- File against all delinquent accounts at the courthouse
- Complete construction of the new Leslie Lane Pool
- Repave the Leslie Lane basketball and tennis court areas
- Complete the repair and replacement of the fence surrounding the courts and pool at Leslie Lane
- Reconfigure and repave the remaining area to offer a common parking lot for this facility
- Relocate the Leslie Lane Bus Stop to the common parking area (away from the mail boxes)
- Complete the access control and surveillance system at the Leslie Lane (Common area # 2) site
- Mare small repairs to a leak at the Clubhouse (Common area # 1) kiddie pool
- Possibly remove and demolish the old pool that was filled in aside of the clubhouse pool
 - Lawn area to be restored for future use
- Replace the entrance signage at each development access point
- Continue clubhouse repairs for finishes, fixtures and equipment that is beyond life

Staff:

- Employee count
 - Office Administration - 1 part time
 - Maintenance - 1 full time / 1 part time
 - Enforcement - 1 part time (noting below)
 - Cross train Maintenance to Enforcement for increased services

Budget / Account Notes:

- Operating Income Summary shows a \$250,000 Loss which reflects deficient funding for common element repairs
- Reserve Summary projects a \$10,938.70 remaining account balance after the fiscal year closes
- Capital Improvements Summary projects a \$35,179.91 remaining account balance after the fiscal year closes

Notice:

- A Capital Improvements expenditure was approved by vote, and as part of this budget, not to exceed \$5,000.00 to replace the entrance signage

Budget Outline & Summary

The structure and format of the budget has been modified to add clarity and simplification

***Instructions of how to follow along are below:

General Format:

The PFSPOA budget consists of 3 General Bank Accounts, listed below

Account # 1: Operating Account

Account # 2: Reserves Account

Account # 3: Capital Improvements Account

Each Account is described and used in the following ways

Account # 1: Operating Account

The budget is detailed on the "OPERATING INCOME & ALLOCATIONS SUMMARY" sheet

Funding of this account:

Dues - Annual Dues, Other Assessments and Back Debt Collected

Other - Clubhouse rental, Permit Fees, Advertising, Interest, Late Fees, Citations etc.

***All income (except capital improvement fees) goes directly into the Operating Account

Use of this account:

Operating Costs - Wages, Supplies, Utilities & Overhead, Events, General Maintenance etc.

Reserve Contributions - Monies are allocated (or Transferred) each year to the "Reserves Account"

***The above items come out of this account, some as an actual spend and

others as a transfer (specifically, we transfer money to the reserve account)

Reconciliation of this account:

Year end reconciliation - occurs at the end of the fiscal year when all invoices are posted

and all checks have cleared. A negative value at the end of the year would

mean a special assessment is needed to collect the difference. A positive

or budget surplus would be evenly credited back to the members.

***NOTE: this year we are projecting a \$250,000 Negative (Loss) due to deficiencies in reserves,

which means that we are deferring the maintenance of our assets because

there is not enough revenue to cover the planned expenses.

Account # 2: Reserves Account

The budget is detailed on the "RESERVE SUMMARY" sheet

Funding of this account:

Funding - source is the Operating Account. Each year, money must be set aside for the repair and

replacement of our common element assets (per title 68). This is executed by

transferring the budgeted values from the Operating Account into the Reserve

Account, which do not have to be used within this fiscal year budget.

Use of this account:

Expenses - are the planned or unplanned repairs or replacements of the common element assets,

all of which are listed within the reserve summary sheet. Every cost of this type gets

voted on, and listed in the Reserve Expense Log and subtracted from the appropriate GL-Code.

Reconciliation of this account:

Year end reconciliation - occurs differently than the Operations Account. The remaining funds of each

GL-Code within the reserves, remain in this account for use in future years and budgets.

***NOTE: this account SHALL NOT be used for anything other than prescribed above.

Account # 3: Capital Improvements Account

The budget is detailed on the "CAPITAL IMPROVEMENTS SUMMARY" sheet

Funding of this account:

Funding - source is solely the Capital Improvements Fees generated by Real Estate Transactions

***NOTE: this Account must stand alone and not be comingled with other budgets.

Use of this account:

Expenses - are generally defined as being allowable for new common element assets or replacement

of assets that are beyond repair and /or end of life.

Reconciliation of this account:

Year end reconciliation - occurs differently than the Operations Account. The remaining funds within

Capital Improvements, remain in this account for use in future years and budgets.

***NOTE: this account SHALL NOT be used for anything other than prescribed above.

Title 68 Excerpts

§ 5307. Upkeep of planned community.

(a) General rule.--Except to the extent provided by the declaration, subsection (b) or section 5312 (relating to insurance), **the association is responsible for maintenance, repair and replacement of the common elements**, and each unit owner is responsible for maintenance, repair and replacement of his unit. Each unit owner shall afford to the association and the other unit owners and to their agents or employees access through the unit reasonably necessary for those purposes. **If damage is inflicted on the common elements** or on any unit through which access is taken, the unit owner responsible for the damage or **the association if it is responsible is liable for the prompt repair of the damage.**

***In other words, we cannot allow deteriorated or damaged assets to go unrepaired. **PROMPT** action is required and if funding is not readily available, a special assessment must be executed for this specific repair

§ 5313. Surplus funds.

Any amounts accumulated from assessments for limited common expenses and income from the operation of limited common elements to which those limited common expenses pertain in **excess of the amount required for actual limited common expenses and reserves for future limited common expenses shall be credited to each unit assessed for a share of those limited common expenses in proportion to the share of those limited common expenses so assessed.** These credits shall be applied, unless the declaration provides otherwise, to the next monthly assessments of limited common expenses against that unit under the current fiscal year's budget and thereafter until exhausted. Any amounts accumulated from assessments for general common expenses and income from the operation of the common elements, other than limited common elements with regard to which limited common expenses are assessed, in excess of the amount required for actual general common expenses and reserves for future general common expenses shall be credited to each unit in accordance with that unit's interests in common elements. These credits shall be applied, unless the declaration provides otherwise, to the next monthly assessments of general common expenses against the unit under the current fiscal year's budget and thereafter until exhausted.

§ 5314. Assessments for common expenses.

(a) General rule.--Until the association makes a common expense assessment, the declarant shall pay all the expenses of the planned community. After any assessment has been made by the association, **assessments shall be made at least annually, based on a budget adopted at least annually by the association. The budgets of the association shall segregate limited common expenses from general common expenses if and to the extent appropriate.**

(b) Allocation and interest.--Except for assessments under subsection (c), all common expenses shall be assessed against all the units in accordance with the common expense liability allocated to each unit in the case of general common expenses and in accordance with subsection (c) in the case of special allocation of expenses. Any past due assessment or installment thereof shall bear interest at the rate established by the association at not more than 15% per year.

(c) Special allocations of expenses.--Except as provided by the declaration:

- (1) Any common expense associated with the maintenance, repair or replacement of a limited common element shall be assessed in equal shares against the units to which that limited common element was assigned at the time the expense was incurred.**
- (2) Any common expense benefiting fewer than all of the units shall be assessed exclusively against the units benefited.
- (3) The costs of insurance shall be assessed in proportion to risk, and the costs of utilities that are separately metered to each unit shall be assessed in proportion to usage.
- (4) If a common expense is caused by the negligence or misconduct of any unit owner, the association may assess that expense exclusively against his unit.

(d) Reallocation.--If common expense liabilities are reallocated, common expense assessments and any installment thereof not yet due shall be recalculated in accordance with the reallocated common expense liabilities.

§ 5318. Conveyance or encumbrance of common facilities.

(a) General rule.--Portions of the common facilities may be conveyed or subjected to a security interest by the association if the persons entitled to cast at least 80% of the votes in the association, including 80% of the votes allocated to units not owned by a declarant, or any larger percentage the declaration specifies agree to that action; but the owners of units to which any limited common facility is allocated must agree in order to convey that limited common facility or subject it to a security interest. The declaration may specify a smaller percentage only if all of the units are restricted exclusively to nonresidential uses. Proceeds of the sale are an asset of the association.

(b) Required agreement.--An agreement to convey common facilities or subject them to a security interest shall be evidenced by the execution of an agreement or ratifications of the agreement, in the same manner as a deed, by the requisite number of unit owners. The agreement must specify a date after which the agreement will be void unless recorded before that date. The agreement and all ratifications shall be recorded in every county in which a portion of the planned community is situated and is effective only upon recording.

Dated: 1/30/2022
